Mr. T. Paul Fairbank
Executive Secretary
International Organizations
Employees Loyalty Board
U. S. Civil Service Commission
Washington 25, D. C.

Dear Mr. Fairbank:

25X1A You may recall that I called you in connection with the
case of [REDACTED] to say that this Agency had some
concern about information which might be required of [REDACTED] 25X1A
in your review of her case inasmuch as some of it might be
classified. We have seen her answer to your interrogatory
and have no objection thereto from the security point of view.

25X1A We understand it is possible you may conduct a hearing
for [REDACTED] in which case we would very much appreciate
being informed in advance so that we may confer with you
about any possible security implications. We are not, of
course, concerned with anything but information which may
25X1A properly be classified and are in no way sponsoring or
taking any position on [REDACTED] case.

Very truly yours,

/s/
